About CCMCF

At Calhoun County Medical Care Facility (CCMCF), our goal is to provide purposeful living solutions to persons who need assistance. The need may be long-term medical care, short-term rehabilitation, or adult day care services. Whatever the need, we can help!

We Provide 24-hour professional Skilled Nursing services to our residents. Our RN and LPN Charge Nurses, Clinical Nurse Managers, Certified Nursing Assistants, and on-site Nurse Practitioner provide outstanding medical care to our residents, in conjunction with our Medical Director. CCMCF's Social Services team serves as a liaison between various community agencies and specializes in family dynamics, problem resolutions, and offers emotional support to residents and families during their stay at CCMCF. Along with our clinical and social services team, Calhoun County Medical Care Facility provides all of our residents with nutritionally balanced meals that are individualized according to each resident's needs and are monitored by our Registered Dietitian. Meals are served in the dining room. In addition to a set menu each day, residents may choose from the "Always Available" menu items at each meal.

Visiting Residents

Calhoun County Medical Care Facility (CCMCF) asks all visitors to sign in/out at the kiosk next to the Reception desk. During times of higher community illness, we may ask you to wear a mask in resident areas of the building.

We ask that family and friends do not visit if they are feeling ill or have recently been ill. We can assist you with virtual visit if desired. While we have no limitations on visiting hours, we do ask that residents be considerate of their roommate (if applicable) when accepting visitors. There are numerous areas throughout the building that may be used for visiting in addition to resident rooms if desired. If you need help finding somewhere, please ask any staff member for assistance.

Maps of the facility are available on page 17.

Before 9:00 A.M. and after 7:00 P.M., visitors must ring the bell located inside the first automatic door to the left for entry. A staff member will respond and let you in the building.

Business Office

Billing department hours are Monday-Friday 8:00 A.M. to 4:00 P.M. Our Billing Specialist can assist families and residents with a variety of billing questions, including assistance with Medicaid applications. If you need assistance with a Medicaid application, we do ask that you schedule an appointment with our Billing Specialist, so adequate time can be planned to review, and you can gather the necessary documentation that may be needed. Bills are sent out within the first two weeks of the new month, with payments being due by the 15th of each month. We encourage residents to utilize our Trust Fund option to ensure all spending money is kept safe.

We do not encourage residents to keep large amounts of money in their rooms, as the facility is not responsible for lost or stolen valuables. Funds can be accessed at the Reception window during staffed hours. The front desk is staffed 7 days a week, including Holidays. Hours are Monday-Friday 8:00 A.M. to 7:00 P.M. and weekend and Holiday hours are 9:00 A.M. to 7:00 P.M.

Nursing

At Calhoun County Medical Care Facility (CCMCF), our Medical and Nursing staff are highly skilled and focused on making sure our residents receive the highest quality of care. We take pride in having an full-time on-site Nurse Practitioner who works closely with our Visiting Medical Director.

Our Nursing staff also includes a number of dedicated Charge Nurses (LPN's and RN's) as well as Certified Nursing Assistants (CNA's) that provide the majority of hands-on care to our residents each day. Nurses and CNAs are on duty 24 hours a day, 7 days a week to ensure all resident needs are met.

Personal Belongings

Residents' laundry is done on-site at the facility at no additional charge. You also have the option of having your family do your laundry, if you prefer. Please let Social Services know if your family will do your laundry so that it can be communicated to staff.

We do not recommend that you put items that require hand washing in the facility's laundry, as they may get damaged.

We suggest residents bring 7-10 pairs of pants, shirts, and socks. CCMCF also recommends 3-4 pairs of pajamas or nightgowns. All clothing needs to be labeled with the residents' name, but our laundry department can assist with this. To have your clothes labeled by the facility, please write the resident's name on a piece of paper inside a bag and leave at the Reception desk or give it to a staff member to give to the laundry department. To allow for adequate space in your closet, we suggest seasonal clothing be taken home by a family member for storage. We also do not recommend jewelry of great value worn as CCMFC is NOT RESPONSIBLE for lost, damaged, or stolen items.

Safety

Due to State and Federal Regulations, below are safety issues we would like you to know about:

- Cork bulletin boards are not permitted in the facility. All wall decorations that are not fire-rated and exceed more than 10% of the wall are also not permitted.
- No objects may be hung from the ceiling, next to or from sprinkler heads.
- Our residents are welcome and encouraged to bring their personal furniture, such as their favorite recliner or dresser. However, safety is always a concern and it must not cause a fall hazard in the room or infringe on any roommate's space.
- Television sets are welcome, but an appropriate stand must be provided to support the weight of the TV, as they cannot be hung from any walls in the building.

- For assistance in hanging photos and other small items on walls, please ask the maintenance team for assistance.
- All appliances must be inspected by our Maintenance Department prior to use. We DO NOT permit extension cords, power strips, or other cords with multiple plug-ins.
- Power cords must be fully in view and not affixed in any way that might puncture the insulations (pins, staples, etc.), nor should anything be hung from electrical conduits.
- Heating appliances such as curling irons, heating pads, and space heaters, and halogen lamps are NOT permitted.

Outside Appointments

Residents are welcome to go out of the building as desired, for appointments and family outings. Please make sure to let the resident's charge nurse know that you are leaving ahead of time so that they may prepare medications for the time you are gone.

Families should assist residents to sign "out" at the kiosk at the front desk prior to leaving and then signing the resident "in" when they return. Overnight trips are also allowed, but NOT while on Medicare Part A for skilled therapy. Please speak with the Billing or Social Services Department for more information on overnight leave of absences.

Phones & WIFI Internet

We have portable phones available for resident use. Please ask the neighborhood Charge Nurse or the staff at the desk if you need help making a call.

We also have a limited number of landline capabilities in resident rooms that can be utilized as they are available. In this case, residents would be required to provide their own phone, and phone numbers CAN NOT be ported from another carrier at your own expense. Personal cell phones are also permitted in resident rooms. Please check with Social Services or Maintenance if you have phone questions.

We have free wireless internet services for CCMCF guests, please contact the front desk if you need help connecting.
